## INTEROFFICE MEMORANDUM

DATE: September 15, 1999

TO: B. K. Hasenack, RMRS, T130F, X7762

FROM: S. M. Nesta, K-H/ESS, T130C, X6386 *sm Nesta*

SUBJECT: NEPA DETERMINATION FOR BLDG 440 FIRE BELL INSTALLATION -  
SMN-118-99

---

I have reviewed the project to replace and install additional fire bells in Bldg 440.

From a regulatory compliance perspective, no issues are noted at this time. I have also concluded that the proposed project receives adequate NEPA documentation from the Site Standing Categorical Exclusion installation of building instrumentation such as alarm systems (RFFO/CX 20-96), and that no further NEPA review or documentation of the project is necessary. From a NEPA perspective, the project may proceed.

If changes arise that alter the scope of the project, or if you have questions or need additional information, please contact me at X6386.
